is unmatched

SHOW Edge®

Introducing the new Andis ShowEdge® blades - designed to leave that perfect show finish. With almost twice the teeth (29 for the 7SE), hair flows more freely across the blades. These revolutionary blades have a new tooth design that glides effortlessly through the coat creating an extra smooth finish without track marks or lines.

Engineered to cut smoother, these blades can save you time and money. When used properly as the final step in your grooming process, time consuming and sometimes challenging scissor work can be reduced. You'll be amazed by the results.

More Groomers Worldwide Depend on American-Made Metro® Air Force® Dryers Than All Other Brands Combined!

US Patent D583,041

That Says It All!

The proven high quality of American-made Metro® Air Force® dryers has been maintained since we introduced our first model over 25 years ago. With a body of steel, they are still the most powerful, user-friendly, longest-lasting dryers in the industry. And, unlike foreign made dryers, they are still built and backed by the same family owned and operated American company in business for over 70 years... a company you can always count on for the highest level of quality, performance and personalized service.

Now models with variable power control enable you to groom all breeds, big and small.

Dear Pet Pros,

Have you ever been to a big trade show like *Groom Expo* or *Groom & Kennel Expo*? It is a face to face, great buying experience with knowledgeable booth representatives just waiting to answer your every question.

That is what this *Buyer's Guide* is all about. It's a Trade Show in a magazine! All the companies that offer grooming products, equipment, or containment products are on the pages. All the company contacts are right there, as well. Show specials? They have them periodically. Just visit their website to see what the companies have to offer.

Some of the best things you will find are the new and wonderful products that you will stumble on as you browse the aisles... er, pages of this publication. So keep this exciting "trade show in a book" nearby all year long. It is your link to your industry.

Enjoy!

Innovative Animal Enclosure Solutions

Exclusively From Mason

Mason SaniKenna™ Modular Kennel System

This enclosure system comes standard with our patented Sani-Slope™ floor seal and either FRP (fiberglass reinforced plastic) or Wilsonart panels. Your enclosures will perform just as well as they look.

Raintree™ Cat Condo

House multiple cats in a stress-free environment while also preventing litter odor and upper respiratory disease spread.

UltraBase™ Kennel System

Add kennels that are easy to clean without trench drains or individual kennel drains by providing each kennel with a fiberglass molded floor that is seamless (no leaks!) and sloped to a built-in drain at the back.

Just a few innovative solutions with extraordinary value created by Mason's team of talented design engineers. Visit MasonCo.com for our complete product line.

Groom Smarter...

Mobile

\$61

(Avg. Per Pet)*

Salon

\$40

(Avg. Per Pet)*

What would a 50% increase in revenue per pet do for your bottom line?

The same pet owners that use at home services like lawn care, housekeeping and carpet cleaning pay extra for the convenience to have a mobile pet stylist come to their home.

Mobile Advantages

Groom Fewer Pets For More Income-

You would often have to groom up to 10-12 dogs in a salon to make the same money grooming 6 pets in a mobile when you compare overhead costs.

Schedule Your Own Hours-

Closing a storefront early is almost impossible, even if you're done grooming by 2:00pm. Mobile allows you to schedule the dates and times you want to work. You have more time for family and friends.

Less Stress on Your Mind and Body-

How does your body feel after grooming 6 pets compared to 10 or 12? How many years will you be grooming if you keep doing 10 or more pets a day?

Wag'n Tails
MOBILE GROOMING CONVERSIONS

Let us show you how to take your best clients mobile.
Go to www.wagntails.com or call (800) 513-0304.

*According to a recent survey at www.petgroomer.com/surveys.htm the national average for a mobile stylist is \$61.00 per pet compared to a stationary salon average at \$40.00 per pet.

YOUR SUPPORT
GIVES US A REASON TO
CELEBRATE
OUR 85 YEARS.

Without support from our loyal customers and dedication of our quality craftsmen, we wouldn't be who we are today. Since 1927, we've had the same goal — provide quality products that support the customers who buy them. It's that simple. So throw up the streamers. We're celebrating with product packages designed to enrich animal care.

Kissing = Love Let it happen with **PetzLife Oral Care**

February is "**Pet Dental Health Month**" and **Petzlife** Oral Care Spray and Gel is an easy way to have your beloved pet's teeth and gums become healthy again without anesthesia and scaling. Did you know that 80% of dogs and 70% of cats have oral disease by the time they are three years old? Staggering! The good news is that pets can live longer, healthier lives if oral health care is managed and maintained throughout their lives. In fact, proper dental care may add as much as five years to your pet's life! **Petzlife** Oral Care breaks down the plaque and tartar that leads to gum disease and gets to the root of the problem by killing off the bacteria that causes bad breath as well.

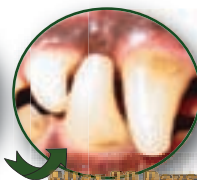

- Easy To Use
- 100% Natural

Top Ten Reasons Why It Costs More To Get Your Pet Groomed Than Your Own Hair Cut!

10. Your hairdresser doesn't wash and clean your rear end.
9. You don't go eight weeks without washing or brushing your hair.
8. Your hairdresser doesn't give you a sanitary trim.
7. Your hairdresser doesn't clean your ears.
6. Your hairdresser doesn't remove the boogies from your eyes.
5. You sit still for your hairdresser.
4. Your haircut doesn't include a manicure or pedicure.
3. Your hairdresser only washes and cuts the hair on your head.
2. You don't bite or scratch your hairdresser.
1. The likelihood of you pooping on the hairdresser is pretty slim.
